There are 4,294,967,296 possible seeds that can be found and studied in minecraft pocket edition. With such a large number of seeds that can be generated, it is logical that some of them will contain some unique characteristics and rare structures. The locations of villages, temples and other structures can really affect the difficulty and pleasure of playing a Minecraft player. This article will be a shattered seed collection that are guaranteed rare structures with convenient accessibility for Minecraft players.#1 Floating Island, Igloos, &villages Be sure to pack a winter coat as you prepare to explore this seed. Here, an entire floating island can be found inid with countless menacingly high ice spikes. This can be an excellent place to develop an entire floating winter fortress, or at the very least, a unique base. Minecraft players who have chosen to explore this seed even further will be treated to igloo and villages. When searching for these structures, make sure to be observant of hidden traps and extra loot. Seeds: 1541592643 #2 ocean monument in Spoon In an instant swim from where the player throws during a game, a monument to the ocean can be found under the waves. This can be very desirable for players, as mushrooms are only available through collection from Ocean Monument.Before players explore this ocean monument for themselves for gold and mushrooms, it would be a good idea to clear themselves of the threats they will face. Make sure you are prepared for elder Guardian by carrying water respiratory decoctions and appropriate equipment. Saeed: -1436927780 #3 Zombie Village near Spade Not every day when minecraft player passes through zombie village, and that also in savannah biome in this. Zombie villagers are not friendly, so players should be aware that before hiking in the village near the spawning. Seed: -2051699104 #4 Temple in a Village with Mina This seed can serve Minecraft players as an ideal starting point for their journey. With all these structures put together, there are many resources and equipment that can be acquired by get go. Choose to stay and develop this already mighty village into something bigger, or loot and leave. Seed: -1455702173Also read: Complete guide to Minecraft Villager #5 Ender portal near solder This seed is a pleasure for speedy people, with quick and easy access to the final portal. Even players who take a more relaxed approach their Minecraft games can still appreciate this Take the time to progress slowly in the game or rush to the end, while knowing exactly where the end gate is.
